

Appl. No. 10/576,402

R E M A R K S

Examiner Samala called the undersigned on October 5, 2007 and said that in claim 1, 4 and 7, it could not be determined if the two compounds were being employed together or individually.

Examiner Samala said that from the specification, it appears that it was intended to claim the individual employment of the two compounds.

Examiner Samala called the undersigned on October 9, 2007 and said that if claims 1 to 3 were canceled, he may allow the method of treatment claims.

Claim 4 was amended hereinabove to recite a Markush group of the two compounds (or pharmaceutically acceptable salts thereof). Support for the amendment to claim 4 is found in the specification on page 8, last paragraph; the paragraph bridging pages 4 and 5 ("pharmaceutically acceptable salts") and the last full paragraph on page 6 ("carriers").

Editorial revisions were made to claims 5 and 6.

New claims 10 and 11 recite the individual compounds recited in claims 1 and 4.

Appl. No. 10/576,402

Entry of the above amendments is respectfully requested.
